About us

Based in Slovenia, Flight is a music brand that is distributed around the globe. With over ten years of experience, Flight retains its energetic vibe, distinct style, and focus on the image of its brand and branding. With a reputation for high quality and affordable products, Flight has an active online community and is very active on all social media platforms. Flight has been recognized for several innovations, such as including a gig bag with every ukulele, the amazing series of travel ukuleles, and the Soundwave Pickup System.

Flight continues to expand its offerings for all levels and demographics of players. We invite you to peruse our full selection of instruments and accessories in this catalog, and we cannot wait to have you join our community of Flighters!

Let your
MUSIC TAKE *Flight*

Travel Series

Flight Travel ukuleles will rock your world. Resilient and quality materials packaged in a great design offer the ukulele world an affordable instrument with great playability and amazing sound.

Size: Soprano (17 frets), Concert Neck
Top: Laminate Linden
Back & Side: ABS
Fretboard: ABS
Nut Width: 36.55mm
Color: Dark Blue
Strings: Aquila Kids

The Flight KIDZ Ukulele was outfitted for use in school settings. The strings used on the ukulele are Aquila Kids Strings which were developed to help teachers teach and students learn the ukulele. There are a number of resources, many free, which utilize the color system of these strings.

On top of it all, the KIDZ ukulele includes an extra set of Aquila Kids Strings which will help schools dealing with tough budgets, as well as a specially designed start-up booklet. We believe this is the best ukulele that a school can buy, and it is a great value for other players, too!

Metal Strings: 0.010 - 0.026, Low G

Pickup: Dual Humbucker

Soundwave

The Flight Soundwave Pickup System amplifies a ukulele from inside the instrument; reverb, delay, chorus, and volume can be controlled with dials on the side of the ukulele. When the ukulele is plugged into an amp or PA system, the EQ and effects bypass the interior system and send the effects through the output jack.

**Flight Diana

Accessories

Every ukulele player needs ukulele accessories. We wanted to offer our own series of high quality, affordable accessories to meet the needs of all ukulele players.

Flight S35 Polyester Ukulele Straps

The S35 Strap adjusts in length and features high quality leather strap ends and a leather tie-back.

Flight wants you to be able to focus on being the best musician you can be, and a strap can help you with that process.

Ukulele straps look great, offer peace of mind, provide comfort, and liberate your chording hand to be able to move up and own the neck without worrying about how to hold and support your ukulele.

Flight FLUST01BK Black Ukulele Stand

Made of lightweight aluminum and able to collapse for travel, our ukulele stands are the perfect accessory to bring along so that you can store your ukulele safely when you take a break from playing. The rubber feet on the stand will keep it from moving, and the rubber pads on the stand will keep your ukulele in its place until you are ready to play again.

Flight Tiny6 Portable Mini Amplifier

This lithium battery powered six-watt wonder fits comfortably in day packs or the front pocket of many Flight gig bags.

The small amp provides four to five hours of operation while on the beach or at home. The amp is housed in a sleek case, and the amp is compatible with effects pedals. With the experience of playing through an amplifier, the Tiny6 will become your gateway to the stage.

Every Flight Ukulele comes with a Gig Bag

Flight Gig Bags

When you go somewhere with your ukulele, you really need a case or a gig bag.

A gig bag makes it easier to carry a ukulele, allows you to carry accessories, and protects the ukulele from damage.

Even if you have a durable ukulele, such as a Flight Travel Ukulele, a gig bag protects the strings from damage during transport.

**UBS Gig Bag
for Soprano
