

ear Protection

ER-20 XS

The hearing protection for musicians!
The newly revised legend ER-20 doesn't make the sound duller, it just makes it quieter. The universal size fits into every ear canal. Due to the same, transparent filter, the hearing protection is very inconspicuous in the ear.

UVP CHF 36.50

ER-EP4

Adaptable in-ear system for high wearing comfort and an extremely stable fit. Thanks to the flat design, the hearing protection can also be worn under a helmet or hat.

UVP CHF 34.50

ERX-MS

Top-class music-optimized hearing protection.
Two pairs of ear plugs with integrated, different filters, lanyard and bag!

UVP CHF 36.00

ER-ICE

The cool invisible one!
Sound-optimized top-quality hearing protection with filter. Completely transparent and with a rich sound.

UVP CHF 26.50

ER-EARPROTEX

Above all, it reliably dampens the harmful high frequencies. Use in discos, football stadiums, concerts, Formula 1 races or at work.
No feeling of pressure in the ear as it is constantly ventilated.

UVP CHF 12.50

ER-KIDDIES

Simple hearing protection for children in bright purple. Easy and clean insertion thanks to the „Life-Wire star“. For children from 7 years.

UVP CHF 12.50
